

Explore the spatial expression atlas of the adult human proximal small intestine

Based on [Harnik et al. nature, 2024](#).

[Online tool that plots the zonation of a gene along the villus axis.](#)

*Some browsers may need to refresh the page after it loads. If the tool does not load, try other browsers (e.g. Firefox/Safari).

To browse genes with the actual spatial transcriptomics data, you can download the cLoupe files from [Zenodo](#), and easily explore the data with [Loupe Browser](#).
